

COMPASS SCHOOL MANAGER

Dear Parents & Carers,

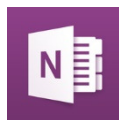

As part of our work in improving communication, reflection and feedback between our students, staff and families; Westgrove is further embedding the Compass platform into our classroom practice. Students can now access their learning tasks directly on their iPad through the **Compass School Manager** app.

Ensuring this app is installed on your child's iPad and kept up to date will enable them to directly share evidence of their learning with their teacher, and most importantly, you.

Our 'core' learning apps in years 3 - 6 now consist of:

OneDrive

OneNote

Excel

Word

Powerpoint

Mathletics

Sumdog

Compass
School
Manager

InTune
Company
Portal

Autodesk
Sketchbook

Ten Minutes
a Day
Times Tables

Show Me
Interactive
Whiteboard

Reading
Eggs
